

## SAINT GABRIEL SCHOOL

---

### A National Blue Ribbon School

March 1, 2021

Dear Friend of St. Gabriel School,

The 21<sup>st</sup> annual **Saint Gabriel School Golf Tournament** is rapidly approaching. As a non-profit school, we rely heavily on the success of this fundraiser to support many school programs necessary to achieve our academic goals. Our families, community friends and local businesses join together to network, have fun and generously contribute to the financial needs of St. Gabriel School.

We extend this invitation for your business to participate in this years' event, which will be held on Saturday, May 22nd at Simsbury Farms Golf Course in West Simsbury. You and your associates are welcome to register to golf in the event. We are also asking for the opportunity to promote your business in return for your financial support through sponsorship and/or donations.

As a sponsor, your business will have significant exposure during the event on banners, signs, hole-placards, and advertisements. Sponsor information will be provided to each player and it will also be communicated to several hundred additional members of the St. Gabriel School community. We are confident that supporting this local tournament will benefit your business.

The attached flyer provides details about the various sponsorship opportunities. Some levels include registrations to golf in the tournament. This is a great way to reward your top employees, network with others in the community or strengthen relationships with customers. We sincerely appreciate any level of support and thank you kindly for your consideration.

All sponsorships and donations are tax deductible and appropriate documentation can be provided upon request. Our children and the entire St. Gabriel School community thank you for your continued generosity. Please contact us with any questions regarding the school, its commitment to excellence or the charitable nature of our golf tournament.

Best regards,

Liz Johnson
