

Mission

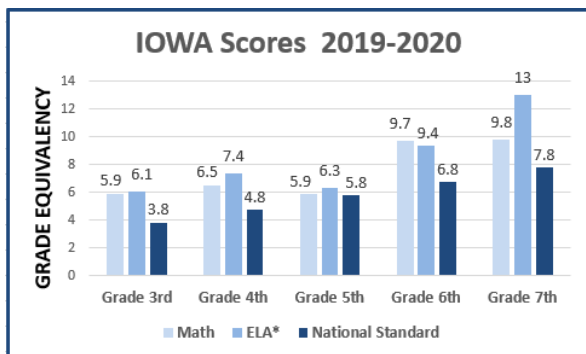

Saint Gabriel School is a Catholic community devoted to academic excellence and Christ's call to discipleship.

Vision

Saint Gabriel School empowers students to be informed, ethical and compassionate leaders who possess a lifelong love of learning, a dedication to service and a commitment to Catholic values, in an ever-changing world.

Academic Results

Saint Gabriel School students consistently score above the National Standard Grade Equivalent for both Math and English/Language Arts (ELA*) preparing them for the rigors and expectations at the Middle and High School levels.

*English Language Arts

Saint Gabriel School students in 3rd-7th grade take the IOWA standardized test in the seventh month of the school year. The results of these tests are used to gauge the effectiveness of the classroom curriculum, as well as help teachers assess the level of understanding of an incoming group of students for the next academic school year.

Saint Gabriel School 77 Bloomfield Avenue Windsor, CT 06095

*Conducted by Loomis Chaffee Staff & Students

Technology

The Technology Program is fully integrated into the core curriculum. Classes visit the lab at least once per week and are guided through lessons and activities with their classroom teacher and the Technology Coordinator. Our state-of-the-art technology lab offers:

- 30 Workstations Running Windows
- iPad Tablets
- Laptops Assigned to Students Grades 4-8th

Technology Curriculum

Our goal is for all students to gain a working knowledge of computer operations and a vocabulary of computer related terminology through projects developed within the curriculum, and to use computers as a tool for productivity, communication, information, learning, and creativity.
