A big Thank You goes out to Stacey Murkette for her very generous help in planning the SGS Fundraiser night at Bart's. What fun we had with current and former SGS families and friends, enjoying the famous Bart's food, visiting with the sponsoring vendors, talking with Gary Byron from 102.9 the Whale, and spinning the big prize wheel.

SAINT GABRIEL SCHOOL

New England for ECCA:

Catholic school families across New England have been waiting for decades for relief to help send their children to the schools that fit their religious and academic goals.

Now is our once in a generation chance to make it happen.

- Access to scholarships would open doors for many low to middle income families across these states in cities, suburbs, and rural areas.
- Congress has the chance to include the Educational Choice for Children Act's tax credit for donations to scholarship organizations in the next federal budget.
- This tax credit does not affect federal or state public education funding, and is based solely on tax-credits for private donations.

For Donors:

Individuals can claim a nonrefundable federal income tax credit for donating to scholarship-granting organizations. The credit is capped at whichever is greater between 10% of adjusted gross income or \$5,000 per year

Scholarship Recipients:

- Income capped at 300% of state median gross income based on HUD
- Funds can be used for tuition at private or religious schools, curriculum materials, standardized test fees, educational therapies for students with disabilities, and even homeschool-related costs.

Let's push this over the finish line:

TWO Steps to Show Your Support in less than ONE minute of your time:

- 1) Sign our [petition](#).
- 2) [Contact](#) your federal legislators with our prepared e-mail message.
